## TERMS OF SALE

1. This is a public auction and mail bid sale, conducted by PONTERIO & ASSOCIATES, INC., licensed California Auction Co. #968 (hereafter "Auctioneer"). Subject to our consent, liberty for bidding by sellers and/or consignors is hereby reserved.
2. A 15% buyers charge will be added to the "hammer price" or winning bid of each lot. This charge will be added to all invoices.
3. Subject to paragraph 8, all material shall be sold to the highest bidder as determined by the Auctioneer. If any dispute arises during or immediately after the sale of a lot, Auctioneer shall have the right to recall the lot and put it up for sale again. In all cases, Auctioneer's decision shall be final. For the bidder's protection, NO "UNLIMITED" or "BUY" BIDS WILL BE ACCEPTED. Bids are to be made in U.S. currency only.
4. Terms of this sale are strictly cash with payment due immediately upon receipt of invoice. Payment by check must be payable in U.S. currency only and drawn on a U.S. Bank. No credit card purchases will be accepted. Title to all lots remains with consignor until paid in full.
5. Floor bidders and mail bidders not known to Auctioneer must furnish satisfactory credit references, sufficiently in advance of the sale to allow for checking, or per the discretion of the Auctioneer, a deposit equal to 25% of their total bids for that session(s) before such bids can be accepted. Deposits submitted will be applied to purchases and any unused portion of such deposit will be promptly refunded. All bid sheets submitted by mail bidders must be signed. Company bids must be submitted with the signature of a duly authorized agent of such company. If you bid by mail, **mail your bid sheet early**. Mail bidders agree to and are subject to these terms of sale just as if they were floor bidders.
6. All bids must be per lot as numbered in this catalogue. No lots will be broken. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. Auctioneer can not be responsible for errors in bidding. Please make certain that you bid on the correct lot and that your bid is the maximum that you are willing to pay.
7. An estimate is provided for each lot. This estimate represents, in the opinion of the cataloger, the current market value of the lot. Lots may, of course, sell for above or below this estimate.
8. Lot(s) may carry a Reserve. A Reserve is a confidential price or bid below which Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for the Auctioneer. In the event that a reserve is known to the Auctioneer prior to the publication of the catalogue, the low pre-sale estimate will equal or exceed the reserve. We reserve the right to withdraw any lot prior to the sale and to open the bidding on any lot at a reasonable price.
9. If Auctioneer, in its sole discretion, determines that any numismatic property is substantially and materially different from that represented in the catalogue of sale, or in any written advertisement or material, the sale shall be cancelled and Auctioneer shall refund the purchase price to the Buyer. Unless provided otherwise in these terms or the PNG bylaws, that refund shall be Auctioneer's sole obligation to Buyer in the event of such cancellation.
10. All items in this catalogue are guaranteed to be genuine unless specifically stated otherwise in the lot description. Claims to the contrary must be made in writing within three days after receipt of the lot. Any returned lot must be intact and in its original unopened holder. No lot may be returned without prior written consent. In no event may any lot be returned after thirty (30) days from the date of sale. LATE REMITTANCE FOR PURCHASES CONSTITUTES JUST CAUSE TO ABROGATE ALL RETURN PRIVILEGES FOR ANY REASON.
11. (a) Grading is a subjective description, in the opinion of the cataloger as to the state of preservation, method of strike and overall appearance of a particular coin or lot. The term "Proof" or "Specimen" is used to describe a method of manufacture, and is not a grade or condition or an attribution;  
(b) Auctioneer does not represent that a numismatic item has or has not been cleaned; that any toning is natural or artificial; that any coin catalogued will meet the standards, or the grade, of any third party or third party grading service; that a numismatic item has a particular provenance or pedigrees; that a numismatic item is struck or not struck, or produced or not produced in a particular manner or style;  
(c) Adjectival descriptions and terminology (which can and does vary among experts and knowledgeable purchasers), when utilized in the catalogue, are strictly the opinion of the cataloger and shall not be deemed to be part of the description; i.e. it is an opinion only and not a warranty of any kind;  
(d) Grading descriptions in this catalogue are provided strictly for the convenience of those who bid by mail and who are unable to personally view the coins, and represents the cataloger's opinion of its state of preservation. Those attending the sale, and those bidders who actually view the lots should draw their own conclusions as to the state of preservation or grade of the numismatic item.
12. This is not an approval sale. Bidders are expected to promptly purchase all lots awarded to them by the auctioneer. Floor bidders are encouraged to carefully examine all lots which they are interested in purchasing, since NO LOTS MAY BE RETURNED BY FLOOR BUYERS, INCLUDING THOSE LOTS WHERE THE BIDDER IS ACTING AS AGENT FOR ANOTHER PARTY, OR BY MAIL BIDDERS WHO HAVE EXAMINED THE LOT PRIOR TO THE SALE.
13. Mail bids will be accepted from those who can not attend the sale in person. Bids for all lots must be submitted in even dollar amounts, or they will be reduced to the next even dollar amount. Mail (or fax) bids must be received prior to the day of the auction or there will be no guaranty that they will be timely executed. Successful mail bidders will be awarded the lot at nominal 5% or 10% over the second highest mail or floor bid. When identical bids are received by Auctioneer for a lot, preference is given to the first bid received. A mail bid will take precedence over an identical floor bid. A floor bidder must bid higher than the highest mail bidder to be awarded any lot.
14. Auctioneer is an "insider" and may have access to confidential information not otherwise available to the public with respect to value, provenance, availability, and other factors. Purchasers should make themselves acquainted with the numismatic items that they are purchasing and avail themselves of the services of outside consultants prior to engaging in any purchase.
15. Auctioneer reserves the right to refuse to honor any bid or to limit the amount of any bid which, in his opinion, is not submitted in "Good Faith", or, as the case dictates, is not supported by satisfactory credit and numismatic references, as Auctioneer, in its sole discretion, shall determine. A bid is also considered not made in "Good Faith" when it is made by an insolvent or irresponsible person, or a person under the age of eighteen. Auctioneer reserves the right to exclude any person it deems in its sole opinion is disruptive to the sale or is otherwise commercially unsuitable. Auctioneer reserves the right to rescind the sale in the event of any nonpayment, breach of warranty, disputed ownership, Auctioneer's clerical error or omission in exercising bids and reserves or otherwise.
16. All photographs in this catalogue are of the actual items being sold.

17. Postage, insurance and sales tax, if required by law to be collected, will be added to the invoice for any lot(s) invoiced to successful bidders. All lots delivered in the state of California are subject to applicable sales tax. Individuals purchasing lots for resale must submit an exemption certificate, signed by the purchaser or his agent and recognized by the state of California, with their current resale certificate number or be subject to the sales tax.
18. Auctioneer reserves the right to require payment in full before delivering any lot to a successful bidder. It is the buyer's responsibility and obligation to have the lots fully insured while in his/her possession. Risk of loss is on the buyer. All lots sent to foreign countries, including Canada and Mexico, will be billed an additional 1/2 of 1% for insurance. The minimum insurance fee is \$5.00. Please send shipping instructions. Normally all lots will be sent via registered mail.
19. In the event a bidder fails to make remittance promptly, auctioneer reserves the right to resell the merchandise and bidder agrees to pay for the reasonable cost of such a sale and also to pay any difference between the resale price and the previously successful bid.
20. Auctioneer reserves the right to postpone the auction sale for a reasonable period of time, as the result of any act of war, natural calamity or significant relevant event, which, in the judgement of Auctioneer, reasonably exercised, make it inadvisable to hold the auction.
21. By bidding in this sale, bidder personally guarantees payment; if a corporation is the bidder, the officers and/or principals of the corporation agree to personally guarantee payment. Mail or fax bids must be signed.
22. Auctioneer reserves the right to include its own material in any auction sale. Auctioneer may have direct or indirect interests in auction lots. Auctioneer may make loans or advances to consignors and/or prospective purchasers. The Consignor may be permitted to bid on his, her or their own articles and to buy them back at the sale. Any Buyer who bids on or purchases their own goods is required to pay for them, in full, as the terms of sale provide for together with the full buyer's commission, and any other applicable surcharges, postage, handling, insurance fees and taxes, without rebate of any kind whatsoever, unless provided for otherwise by contract with Auctioneer. Auctioneer reserves the right to make accounting adjustments in lieu of payment. Settlement will follow the auction. The prices realized reflect the final price called by Auctioneer and may include a bid of a consignor reacquiring their lot.
23. In the event Auctioneer shall, for any reason other than set forth in paragraph 8, be unable to deliver the property sought to be purchased, its liability therefore shall be limited to the rescission of the sale and refund of the purchase price and buyer's fee plus interest at 10% per annum if refund is made greater than 60 days after payment. Auctioneer shall have no liability for damages, incidental, consequential or otherwise, arising out of its failure to deliver any property purchased, and all bidders agree to this.
24. Auctioneer shall have a lien against the merchandise purchased by the buyer and any other property of the buyer then held by Auctioneer to secure payment of the auction invoice(s) and any other amounts due Auctioneer from the buyer, with the respect to which Auctioneer shall have all the rights of a secured creditor under Article 9 of the California Uniform Commercial Code.
25. It is unlawful and illegal for Bidders to collude, pool, or agree with another Bidder to pay less than the fair value for lot(s). Bidders in the sale acknowledge that the law provides for substantial penalties in the form of treble damages and attorney's fees and costs for those who violate these provisions.
26. If any dispute arise regarding payment, participation, authenticity, or grading or any other matter pertaining to the sale, and those disputes cannot be resolved, the bidder and/or a participant in the Auction Sale and Auctioneer all agree that the dispute shall be submitted to binding arbitration in accordance with the rules of the Professional Numismatists Guild (PNG) or American Arbitration Association (AAA), per the election of the bidder/participant. The AAA arbitration shall be conducted under the provisions of the California Arbitration Act and venue shall be conducted under the provisions of the California Arbitration Act and venue shall be in San Diego, California. The arbitration costs shall initially be paid equally by the parties. If an election is not made within ten (10) days of an unresolved dispute, Auctioneer may elect either PNG or AAA arbitration. An award granted in arbitration is enforceable in any court. The prevailing party in any dispute shall be entitled to receive its attorneys' fees, expert witness fees, costs and arbitrator's fees. By placing a bid (mail, fax, phone, floor, electronic or otherwise) or by attending or by participating in an auction, a bidder and all participants accept these Terms and Conditions of Sale, and agrees to be bound.
27. Bidding in this sale (by any means) or participating in this sale constitutes acceptance by the bidder or participant of all the forementioned terms and conditions of sale.

## INSTRUCTIONS TO NEW MAIL BIDDERS

Bidding by mail permits you to participate in an auction as though you were attending it in person. The procedure is really quite simple. You tell us what you want, and the maximum amount you are willing to pay. We then, as your personal agent, try to buy the items listed for you at the lowest possible price.

The enclosed mail bid form has two sides for you to fill in. The front side provides all the information we will need to register you as a bidder, execute your bids for you and deliver your lots to you if you are a successful bidder. Please answer all the questions that may apply to you. If you have any special mailing instructions or and/or other instructions, please note them in the "special instructions" area of your bidsheet. **DON'T FORGET TO SIGN YOUR BIDSHEET.**

| LOT | BID   |
|-----|-------|
| #2  | \$250 |
| #23 | \$350 |
| #37 | \$500 |
| #48 | \$800 |

On the back side are pairs of columns where you may list your bids. After carefully reading the lot description, write down the lot number and the maximum amount you are willing to pay for that lot. Don't forget that a 15% buyer's fee will be added to your actual purchase price if you are the lucky bidder. Continue to list lot numbers and bids for each of the lots you are interested in buying.

When we receive your bidsheet, we will record your bids at the amount you have authorized us to bid for you, and we will, in addition, note any lots where an increase is authorized if absolutely needed to win the lot. For example, if the sample bidsheet shown at the right were yours, we would enter your bid on lot #2 as \$250. If yours was the highest bid received, you would be the purchaser at \$250. (plus 15%), and applicable taxes and shipping charges. If the second highest bid received on the lot was substantially less, your bid would be reduced to a "normal" increment above the second-highest bid, just as it would be if you were present at the sale yourself to execute your own bids. If you have authorized a percentage increase on the front side of your bidsheet and the bidding by others has exceeded your basic bid, we will then, as your personal agent, increase your bid to the minimum amount necessary to obtain the lot for you. The authorized increase will never be used except when your basic bid is exceeded.

Before you mail your bidsheet, do be sure to check it over to make certain you have bid on the correct lot(s) and that your bids are the ones you are both willing and able to pay for. Enjoy the catalog, place bids on everything you would like to buy. If time is running out and you feel your bidsheet may arrive too late to be included, you may call our office between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday, giving us the lot numbers and amount you will pay for each lot, over the telephone. Please make sure you immediately send in your bidsheet for confirmation. Also, you may FAX your bidsheet to us. As your personal agents we wish you every success.

### VIEWING OF LOTS

Lots will be available for viewing by prospective bidders at our office each day, Monday through Friday, by **APPOINTMENT ONLY**, between the hours of 9:00 a.m. and 5:00 p.m., September 1, 2003 through September 17, 2003 only. Additionally, all material will be available for viewing at the New York International Numismatic Convention to be held at the Long Beach Courtyard by Marriot Hotel.

## **Coinage of the Revolutions of Mexico, 1913-1917**

One often sees listings for "Coins of the Mexican Revolution", but as there were several revolutions against the central government and other revolutionary groups in Mexico between 1910 and 1920, I have selected a different title for this article; the following may explain why.

By 1908, Porfirio Diaz had been President of Mexico for about 30 years and planned to be reelected in 1910. In that year, Francisco Madero wrote a book about the forthcoming election in which he espoused greater political freedom for the population as well as various reforms. He was nominated by the Anti-Reelection Party to oppose Diaz but he and many of his supporters were jailed by Diaz, who proclaimed his reelection. When released from jail, Madero fled to the United States, condemned the phony election and with friends drafted the "Plan of San Luis Potosi", outlining many economic and land reforms, basically declaring war on Diaz. Others including Francisco Arango Dorantes (Pancho Villa) in Chihuahua and Emiliano Zapata in southern Mexico joined in armed conflict with the central government and Diaz shortly went into exile. Madero was proclaimed President, attempting to implement his proposed reforms but lost the trust of the people due to delays, Amidst great turmoil, General Victoriano Huerta arrested Madero who was soon murdered.

Huerta became President and proclaimed peace but he began a reign of terror and repression; he was opposed by Villa, Zapata and Alvaro Obregon and their forces and fled into exile in 1914. Venustiano Carranza became President after Huerta only to meet heavy opposition from his former allies. By 1916 he had steadily reduced their effectiveness. In 1920, Carranza tried to oust Obregon from Sonora only to be repulsed. Obregon raised rebellion in the entire western part of Mexico causing Carranza to flee. Obregon assumed the Presidency and after being elected in 1920, the revolutionary period was at an end.

Coinage was produced by various groups from 1913 to 1917. The vast majority in terms of numbers and varieties being produced by forces or affiliates of, Villa in the North and West, Zapata in the South and Free and Sovereign State of Oaxaca. The majority of coins produced by the revolutionaries by coin types and varieties as well as by volume were base metal 1, 2, 3, 5 and 10 Centavos, "necessity" money for small transactions, as well as 20 and 50 Centavos and 1 & 2 Pesos in silver. Very few coins were issued in gold. These coins range from crude sand castings, hammered coins with hand cut dies to steam or electrically powered "modern" equipment, including the U.S. Mint in Denver. Most of these coins were produced "in the field" with basic equipment and frequent erratic sources of metal for coining. With this in mind, let's explore the interesting and sometimes very unusual coins of the period.

Aguascalientes produced milled copper 1, 2, 5 & 20 Centavos and some silver 5, 10 & 20 Centavos in 1915 (see lot 597 for a "flat bottom 2" 20 Centavos). There are some cast copper 20 Centavos as well. Chihuahua produced many 5 Centavos varieties in 1914-1915 plus 10 & 50 Centavos and 1 Pesos in 1914. The "Army of the North" produced 1915 1 Pesos in silver and copper and the city of Parral struck 1913 2 Centavos in brass & copper, 50 Centavos and 3 varieties of 1 Peso in silver, one being the famous "Bolita" Peso (see lot 603 for one of these scarce rarities).

Durango held 5 revolutionary mints under Villa, with Cuernavaca producing 1 Pesos in silver and copper, each bearing "MUERA HUERTA" (see lot 605 for one of the rare "Six Stars" variety 1 Peso). Villa hated General Huerta who had once ordered Villa to be shot for insubordination. Needless to say, these coins did not improve Huerta's attitude towards Villa! The City of Durango produced various 1 & 5 Centavos in brass, copper and lead during 1914 as well as aluminum 1 and brass and copper 5 Centavos produced by the Denver Mint.

Guerrero was home to eight mints with Atlixac issuing copper 10 Centavos in 1915 and a silver 1914 2 Pesos, Cacahuatpec minted copper 5 Centavos and silver 20 & 50 Centavos plus 1 Pesos in 1917 (see lot 601 for a 1 Peso) and Cacalotepec produced a 1917 silver 20 Centavos. Campo Morado minted 1915 3, 5, 10, 20 & 50 Centavos (see lot 616 for a 3 Centavos), silver 1914 1 Pesos and 1914 & 1915 2 Pesos in silver and brass and Chilpancingo issued cast silver 1914 10 & 20 Centavos. The State of Guerrero issued 1915 copper 2, 3, 5, 10 & 20 Centavos, silver 25 & 50 Centavos, silver or copper 1914 & 1915 1 Pesos & "Sun Face" 2 Pesos; there is also a gold 10 Pesos 'fantasy'. The city of Suriana produced the very rare 1915 "Suriana" 2 Pesos with reeded or plain edge (see lot 626 for a reeded edge variety) and Taxco minted copper 2, 5, 10 & 20 Centavos, copper and silver 50 Centavos and silver 1 & 2 Pesos in 1915.

Jalisco produced 1915 copper 1, 2, 5 & 10 Centavos and brass 5 Centavos & 1 Pesos and the Estado de Mexico had 5 active mints; Amecameca issued undated copper or brass 20, 25 & 50 Centavos, Mexico City produced the "Zapatista" 1915 1 & 2 Centavos and Tenancingo minted 1915 2, 5 & 20 Centavos and a 1916 20 Centavos, Texcoco issued novel 1915 1 & 5 Centavos in red clay and Toluca issued a 1915 5 Centavos produced on grey cardboard and undated 20 & 40 Centavos counterstamped on 1906 dated 1 & 2 Centavos. Morelos had a single revolutionary mint, in Atikuayan, which issued 1915 copper 2, 5, 10, 20 & 50 Centavos, a 1915 silver 50 Centavos, 1916 silver or copper 50 Centavos and 1 Pesos (see lot 637 for a 1 Peso in copper) as well as patterns.

Oaxaca features some of the most interesting coins of this period including 1915 rectangular copper 1 & 3 Centavos, round copper or brass 1, 3, 5, 10 & 20 Centavos, silver, copper or lead 50 Centavos, 1, 2 & 5 Pesos; numerous varieties exist. Oaxaca also produced gold 5, 10 & 20 Pesos in 1915 and the very rare gold 60 Pesos in 1916.

In the state of Puebla, Chiconcuatla produced 1916 10 & 20 Centavos in copper and Tetela del Oro y Ocampo issued 1915 copper 2, 5, 10 & 20 Centavos. The state of Sinaloa is home to what are frequently referred to as the earliest revolutionary coin issues, these being silver sand castings of 20 & 50 Centavos., 1 Pesos and 8 Reales, k some of the larger coins with "GC" counterstamps.

As noted, this sale contains a variety of rare coins from this period of Mexican history as well as many other interesting pieces. Below is a listing of some of the more useful references for this material which, along with a variety of tokens, banknotes, etc., represent one of the most tumultuous periods in the history of Mexico. Happy Hunting!
